Renewable Energy from ACEN

ACEN Australia enters into five-year platinum partnership with CUC Mudgee Region

ACEN Australia recently became a proud five-year Platinum Sponsor of the CUC Mudgee Region.

The Country Universities Centre (CUC) is designed to provide educational facilities specifically tailored for regional students.

The campus is a state of the art dedicated learning and study space in Mudgee that has been designed for regional people by regional people. Students studying at any university, have free access to high-speed internet, modern technology, and general academic support.

The centre is situated in Mudgee, within the NSW Government's Central West Orana Renewable Energy Zone (CWO-REZ) where ACEN Australia is currently constructing Stubbo Solar and has a further five projects in development.

The centre hopes to encourage students to undertake tertiary education whilst being able to remain living in the Mudgee region.

Shared benefits through **COMMUNITY** benefit funding

We understand the importance of sharing in the benefits that our project can provide. Under our Stubbo Solar Social Investment Program (SIP), we have supported not for profit organisations and events in Gulgong and surrounds.

Find out more information about our SIP on our website. Applications are always open.

We are proud to be a major sponsor of this year's Mudgee Readers' Festival

The Mudgee Readers' Festival has been running for fifteen years, a huge achievement for a festival created by a small team of passionate readers, with the first modest events held in Lawson Park.

Mudgee readers' festival

Mudgee Readers' Festival: 17 & 18 August, 2024

The program and tickets for the Festival can be purchased on MRF's website or at The Book Nest, Mudgee.

For more information, or to purchase tickets, visit: mudgeereaders.com
