

# Stubbo Solar

Renewable Energy from ACEN

May 2025

Early works commenced late **2022** construction early **2023**

Contribute to NSW and National **RENEWABLE ENERGY TARGETS**

Power up to **185,000** average Australian homes

**10 ONGOING JOBS** during operations

**\$800m** construction value

Employ and buy **LOCAL** commitment

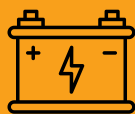

Shared benefits through **COMMUNITY** benefit funding

**5 ACEN** site based representatives during construction

Installed capacity of up to **400MW**

Approval for **200 MWh** battery energy storage system (BESS)

just over **400 JOBS** during peak construction

Plans for **SHEEP GRAZING** during life of project

## Preparing for operations

As ACEN Australia's Stubbo Solar project is nearing completion, we are currently constructing our Operations and Maintenance (O&M) Building.

When in operations, the site will be maintained by a small crew, who are responsible for ensuring its smooth and efficient operation.

This includes routine maintenance, monitoring of energy production, vegetation management and routine inspections.

The Stubbo Solar project has been designed to accommodate a future 200 MWh battery energy storage system (BESS), meaning the project can dispatch electricity when it is most needed during peak hours, and provide important grid stability services.

## Gulgong Eisteddfod 2025

ACEN Australia has been a proud major sponsor of the Gulgong Eisteddfod for the last 5 years.

This year's Eisteddfod begins on Sunday 4th May with the dance group day followed by a week of dancing at the Gulgong Memorial Hall with a Dance Gala concert on Friday 16th May at the Opera house at 6:30pm.

Dance: Sunday 4th May - Saturday 10th May 2025  
Speech & Drama: Wednesday May 21st - Sunday May 25th 2025  
Music: Tuesday May 27th - Friday May 30th 2025
